

Pretreat Solutions Process

Solution

Measure the recommended amount of solution (please refer to the chart below right for recommended dilution).

Turn Buckets

Flip buckets over and allow to sit for 15 minutes.

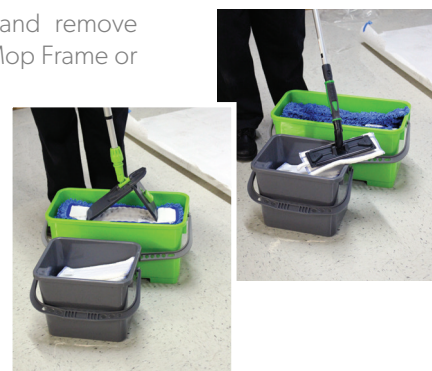

Load Buckets

Load Bucket with microfiber Mops or Pads. Load Mops and Pads with the microfiber side down. The top Mop or Pad should be loaded with microfiber side up to prevent splashing.

Install Mop or Pad

Turn bucket over and remove lid. Install Mop to Mop Frame or Pad to Pad Frame.

Add Solution / Seal Buckets

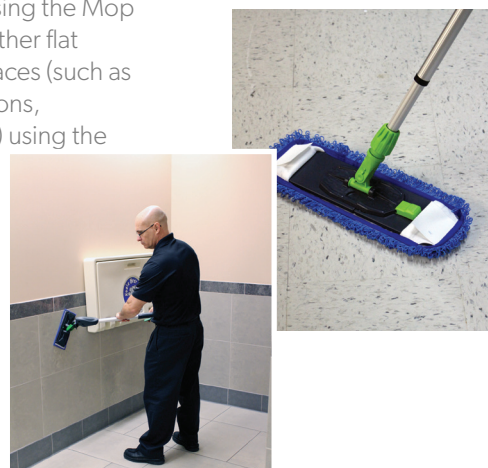

Pour solution slowly and evenly over the Mops or Pads.

Seal Bucket with lids; ensure that all corners are tight and properly sealed.

Floors and Walls

Clean floors using the Mop Clean; clean other flat cleanable surfaces (such as mirrors, partitions, windows, etc.) using the Pad.

LOOP MOPS	6 GALLON BUCKET
6	.37 gallons / 1.4 liters
9	.50 gallons / 1.9 liters
12	.75 gallons / 2.8 liters
18	1.0 gallons / 3.8 liters
21	1.25 gallons / 4.7 liters
24	1.50 gallons / 5.6 liters

CLOTHS 12" x 12"	CLOTHS 16" x 16"	10" LOOP PADS	10" WHITE PADS	3.5 GALLON BUCKET
15			10	.10 gallons / .38 liters
20	10	10	15	.20 gallons / .75 liters
30	15	15	20	.30 gallons / 1.2 liters
40	20	20	30	.40 gallons / 1.5 liters
50	25	25	35	.60 gallons / 2.25 liters
60	30	30	40	.75 gallons / 2.8 liters
70	35	35	45	.85 gallons / 3.2 liters
