GREAT FOR CLEANING BATHROOMS

CAN REMOVE RUST

RUB OFF

Rub Off is a strong, powdered cleanser that removes hard water stains and stubborn mineral deposits from a variety of surfaces. It was originally developed to remove the hard water stains left behind on windows by outdoor water sprinkling systems, but it has many more applications. It will remove all sorts of stains, including soap, scub, aluminum screen stains and even rust. It is safe to use on a variety of surfaces, including glass porcelain and tile. It is also great in bathrooms and kitchens, making sinks sparkle like new.

Directions

1. Wear protective eye wear and gloves
2. Test in an inconspicuous area before using on entire surface
3. Wet surface and a non-abrasive pad with water
4. Apply rub off to the surface using pressure in a circular motion
5. Work in a small area at a time, rinsing off Rub Off as you go
6. Squeegee glass and inspect to determine if all stains have been removed
7. Repeat steps if necessary

WARNINGS

THIS PRODUCT CONTAINS: Sodium Sulfate, Crystalline, Silica, Sufamic Acid, Diatomaceous Earth

WARNING: May be harmful to eyes. Harmful if swallowed. May cause skin irritation. Avoid contact with eyes and skin. Do not take internally. Do not breathe the dust.
