

Extractor Tools & Accessories

BX12 Extractor Accessories

FX1040AC-HP

15' hose assembly. For use with the BX12 Fastracts Extractor.

FX1033AC

A single-jet stainless steel wand that allows for easy pickup under furniture and desks. The head is winged to prevent overspray and the insulated handle, valve lever and grip ensure operator comfort. Dual-jets guarantee maximum pressure for fast and thorough cleaning. For use with the BX12 Fastracts Extractor.

FX1034AC

This dual jet wand allows for easy pickup under furniture and desks. The head is winged to prevent overspray and the insulated handle, valve lever and grip ensure operator comfort. This version has an S-bend for superior pickup under all types of furniture. Dual jets guarantee maximum pressure for fast and thorough cleaning. For use with the BX12 Fastracts Extractor.

BX12 Extractor Accessories

FX1039AC

This durable stainless steel auto detailer tool is specially designed to effectively clean in tight places. This detailer tool offers high pressure up to 1000 psi. For use with the BX12 Fastracts Extractor.

FX1049AC

Tool & Hose Accessory Bag. For use with the BX12 Fastracts Extractor.

FX1204AC

Powermate – 12" wide power brush (must order with an FXB00216 adapter cord). For use with the BX12 Fastracts Extractor.

FX321AC

This cast aluminum upholstery tool with black powder-coat upholstery tool provides a see-through window, enclosed spray chamber, and 3-foot pigtail. Recirculating notches decrease water build-up in the spray chamber for faster drying time. For use with the BX12 Fastracts Extractor.

FXB00216

Adapter cord for power brush, for use with the FX1204AC Powermate. For use with the BX12 Fastracts Extractor.

SC7 & SC12 Extractor Accessories

FX1041AC

Hose assembly with adapter. For use with the SC7 and SC12 Fastracts Extractors.

FX1049AC

Tool & Hose Accessory Bag. For use with the SC7 and SC12 Fastracts Extractors.

FX323AC

A pre-spray wand, constructed of brass with a 25-foot hose, and provides up to 100 psi. For use with the SC7 and SC12 Fastracts Extractors.

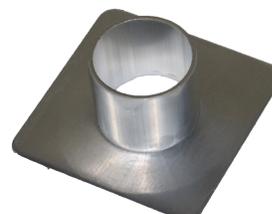

FX358AC

This is an upholstery tool with a see-through window and hose assembly (FX1041AC) that comes complete with a durable hose bag (FX1044AC). For use with the SC7 and SC12 Fastracts Extractors.

FXD02359-1

Adapter unit that connects to a standard 1-1/2" hose assembly. For use with the SC7 and SC12 Fastracts Extractors.

SC7 & SC12 Extractor Accessories

FX1033AC

A single-jet stainless steel wand that allows for easy pickup under furniture and desks. The head is winged to prevent overspray and the insulated handle, valve lever and grip ensure operator comfort. Dual-jets guarantee maximum pressure for fast and thorough cleaning. For use with the BX12 Fastracts Extractor.

FX1034AC

This dual jet wand allows for easy pickup under furniture and desks. The head is winged to prevent overspray and the insulated handle, valve lever and grip ensure operator comfort. This version has an S-bend for superior pickup under all types of furniture. Dual jets guarantee maximum pressure for fast and thorough cleaning. For use with the BX12 Fastracts Extractor.

SC4 Extractor Accessories

FX330AC

This 10" single-jet stainless steel wand is perfect for use with smaller extractors like the FiveStar model. For use with the SC4 Fastracts Extractor.
