

i-mop[®]

THE SMART SOLUTION
FOR CLEANING SMALL SPACES

IPC

BY TENNANT COMPANY

i-mop Lite / i-mop XL Plus

Experience the ease of a mop combined with the cleaning performance of a walk-behind floor scrubber. The i-mop family redefines cleaning: compact and lightweight, it provides effective results, effortlessly transforming your cleaning routine. Simply walk and let i-mop do the work.

i-mop

KEY BENEFITS

EASY OPERATION

Designed for maneuverability and capable of cleaning hard-to-reach areas, i-mop makes the job easier for the operator, reducing manual labor and cost.

OPTIMIZED PRODUCTIVITY

i-mop easily navigates narrow spaces and completes cleaning tasks in significantly less time than traditional wet mopping, maximizing productivity.

POWERFUL CLEANING

Equipped with fast rotating brushes (350 to 500 RPM), i-mop delivers strong mechanical power, ensuring an impeccable cleaning result with less effort.

RESOURCE EFFICIENCY

Combining powerful mechanical scrubbing with an advanced fluid management system, i-mop optimizes water and chemical usage (and can clean without chemicals too), proving to be an efficient cleaning solution.

QUICK DRYING AND EASY MAINTENANCE

i-mop's advanced suction technology leaves floors dry and ready to walk on in no time. The tank system is designed for easy, splash-free emptying and is treated to help prevent bacteria proliferation.

FIND YOUR FIT

The i-mop family is designed to match all cleaning needs for small spaces. Discover i-mop Lite and XL Plus and find out which model is the one for you.

THEORETICAL PRODUCTIVITY	15,069 ft ² /h
SOLUTION/RECOVERY TANK	.79/1.06 gal
BATTERY RUN TIME	Up to 60 min
WEIGHT WITH BATTERY AND WATER	28.6 lbs
RECOMMENDED FOR:	- Small spaces with multiple levels/locations to clean - Obstructed with clutter and obstacles

XL

THEORETICAL PRODUCTIVITY

19,375 ft²/h

SOLUTION/RECOVERY TANK

1/1.5 gal

BATTERY RUN TIME

Up to 70 min

WEIGHT WITH BATTERY AND WATER

58.9 lbs

RECOMMENDED FOR:

- Small to medium-sized spaces on a single level
- Long aisles
- Moderately obstructed

i-mop

KEY FEATURES

	Lite	XL Plus
1- CONTROL PANEL		•
2- BATTERY LEVEL DISPLAY		•
3- DETACHABLE TANKS	•	•
4- ANTIMICROBIAL TANKS	•	•
5- 360° STEERING HINGE	•	•
6- DRIVE/PARKING SUPPORT	•	•
7- I-BALANCE SYSTEM		•
8- EASY CLICK SQUEEGEE	•	•
9- FLOATING BALL SYSTEM	•	•
10- 32° ANGLE SHUTOFF	•	•
11- RECHARGEABLE LI-ION BATTERY PACK	•	•

1- CONTROL PANEL:

Simple intuitive controls make it easy to operate and train.

2- BATTERY LEVEL DISPLAY:

Led indicators on the control panel allow to have the battery residual charge always on check.

3- DETACHABLE TANKS:

They make it easy to replace or change cleaning solution on the fly or empty recovery water in a sink.

4- ANTIMICROBIAL TANKS:

Treatment that prevents stain and odor-causing microbial growth and helps the tank remain cleaner.

5- 360° STEERING HINGE:

Makes it highly maneuverable in small spaces around obstacles and under furniture.

6- DRIVE/PARKING SUPPORT:

Allows to move the i-mop around with more ease and park it in a proper position. No need to lift the deck.

7- I-BALANCE SYSTEM:

Spring balancing mechanism that reduces the weight on the operator by supporting the machine and keeping it upright. The i-balance is a driving support and parking support all in one.

8- EASY-CLICK SQUEEGEE:

No tools required for daily cleaning or simple routine maintenance of the squeegee blades.

9- FLOATING BALL SYSTEM:

Prevents water from overflowing to protect the vacuum motor.

10- 32° ANGLE SHUTOFF:

Automatically stops operation when the handle is placed below 32 degrees, helping prevent potential damage to the vacuum motor.

11- RECHARGEABLE LI-ION BATTERY PACK:

For continuous run-time by swapping out and recharging with an extra set of batteries
