BRIX HOTEL

**BUILD
YOUR HOSPITALITY**

BRIX HOTEL

A RANGE OF TROLLEYS DESIGNED AND PRODUCED FOR THE HOTEL SECTOR, WHICH SATISFY EACH FUNCTIONAL AND AESTHETIC REQUIREMENT.

BRIX HOTEL MAXI

BRIX HOTEL MIDI

BRIX HOTEL MINI

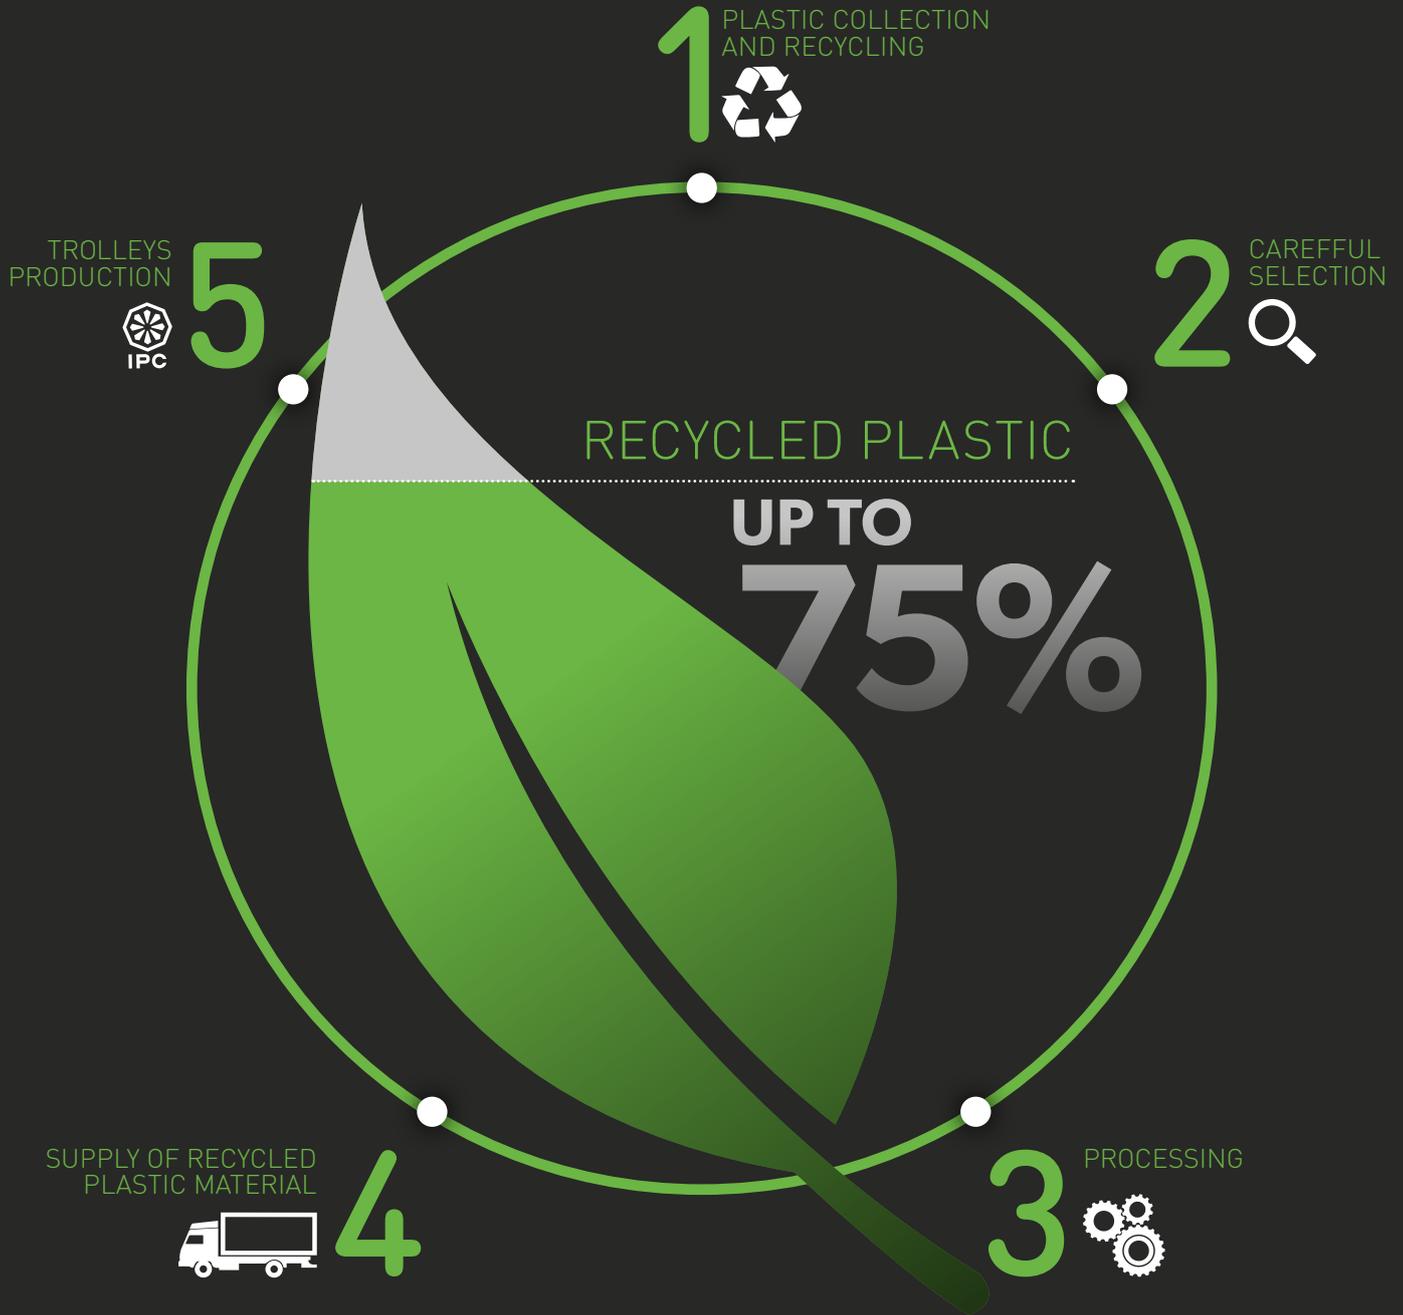

Cleanliness and tidiness are among the most important and necessary components in creating the identity and atmosphere of a hotel, together with the operator's professionalism and the quality of the furnishings.

Reliable, functional equipment that expresses through their aesthetics the overall quality level of the hotel, allows you to communicate to the customer the high standards of the housekeeping service.

The lines, colors and shapes are closely linked to style, elegance and refinement.

BLACK IS GREEN™

THE REBIRTH OF PLASTIC

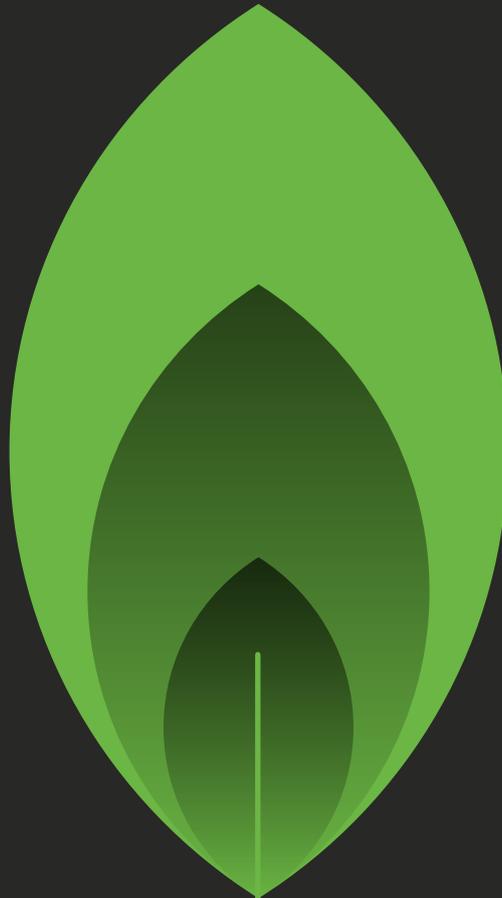

IN COMPLETE HARMONY WITH NATURE

From the best plastic waste Black is Green™ is born, the IPC product line made with recycled plastic and dedicated to professional cleaning. This innovative material is the result of an eco-friendly technology, that promotes sustainable development and environmental protection.

UP TO 75%

RECYCLED PLASTIC

ADVANTAGES

Waste reduction
and resource savings

Polypropylene ensures
greater resistance

100%
Recyclable

Same requirements and duration
of NON-recycled plastic

Complies
to the regulations

HANDLING & DISCRETION

PUSHING HANDLE

Keeps the direction of the trolley focused, even during the steering phase and allows better maneuverability even when loaded

BUMPERS

Reinforced impact-absorbing and anti-rubbing bumpers, designed to avoid damage to walls and the surrounding environment

DOORS

Equipped with a magnetic retention system that makes them easy to close

WHEELS

Guarantee maximum smoothness and direction without any effort from the operator, and ensures low noise levels in the environment thanks to the high standard of materials.

COMPACTNESS & RESISTANCE

DOORS

Made with a new thermoplastic material that combines excellent aesthetic qualities with great solidity and strength

FOLDING BAG SUPPORT

Allows a reduction in the bag dimensions of up to 42% in order to make the trolley easy to store even in small rooms

WHEELS

High-quality materials, compliant with European standards, resistant to chemicals and detergents

BASE

Additional reinforcements to guarantee greater solidity and resistance within the trolley, even during prolonged and intensive usage

FUNCTIONAL & HYGIENIC

UPPER COMPARTMENT

Complete with anti-fall bulkheads as standard to allow practical and easy storage of all the amenities and offering the possibility of configuration with various arrangements

HANDLES

Equipped with practical handles with key lock for maximum security of all the contents

DOORS

Hygienic and easy to clean thanks to their non-porous smooth surface

PEDAL

Easily accessible and recognizable brake actuation, with extra long support clearly identified in red

BENEFITS AND FEATURES

FOLDING BAG SUPPORT

- ▶ **Maximum compactness:** ideal in places where a small trolley is required without renouncing the complete service
- ▶ **Space saving:** allows a reduction of 210 mm of the overall dimensions of the bag holder
- ▶ **Strong:** guarantees solidity and robustness to the entire trolley

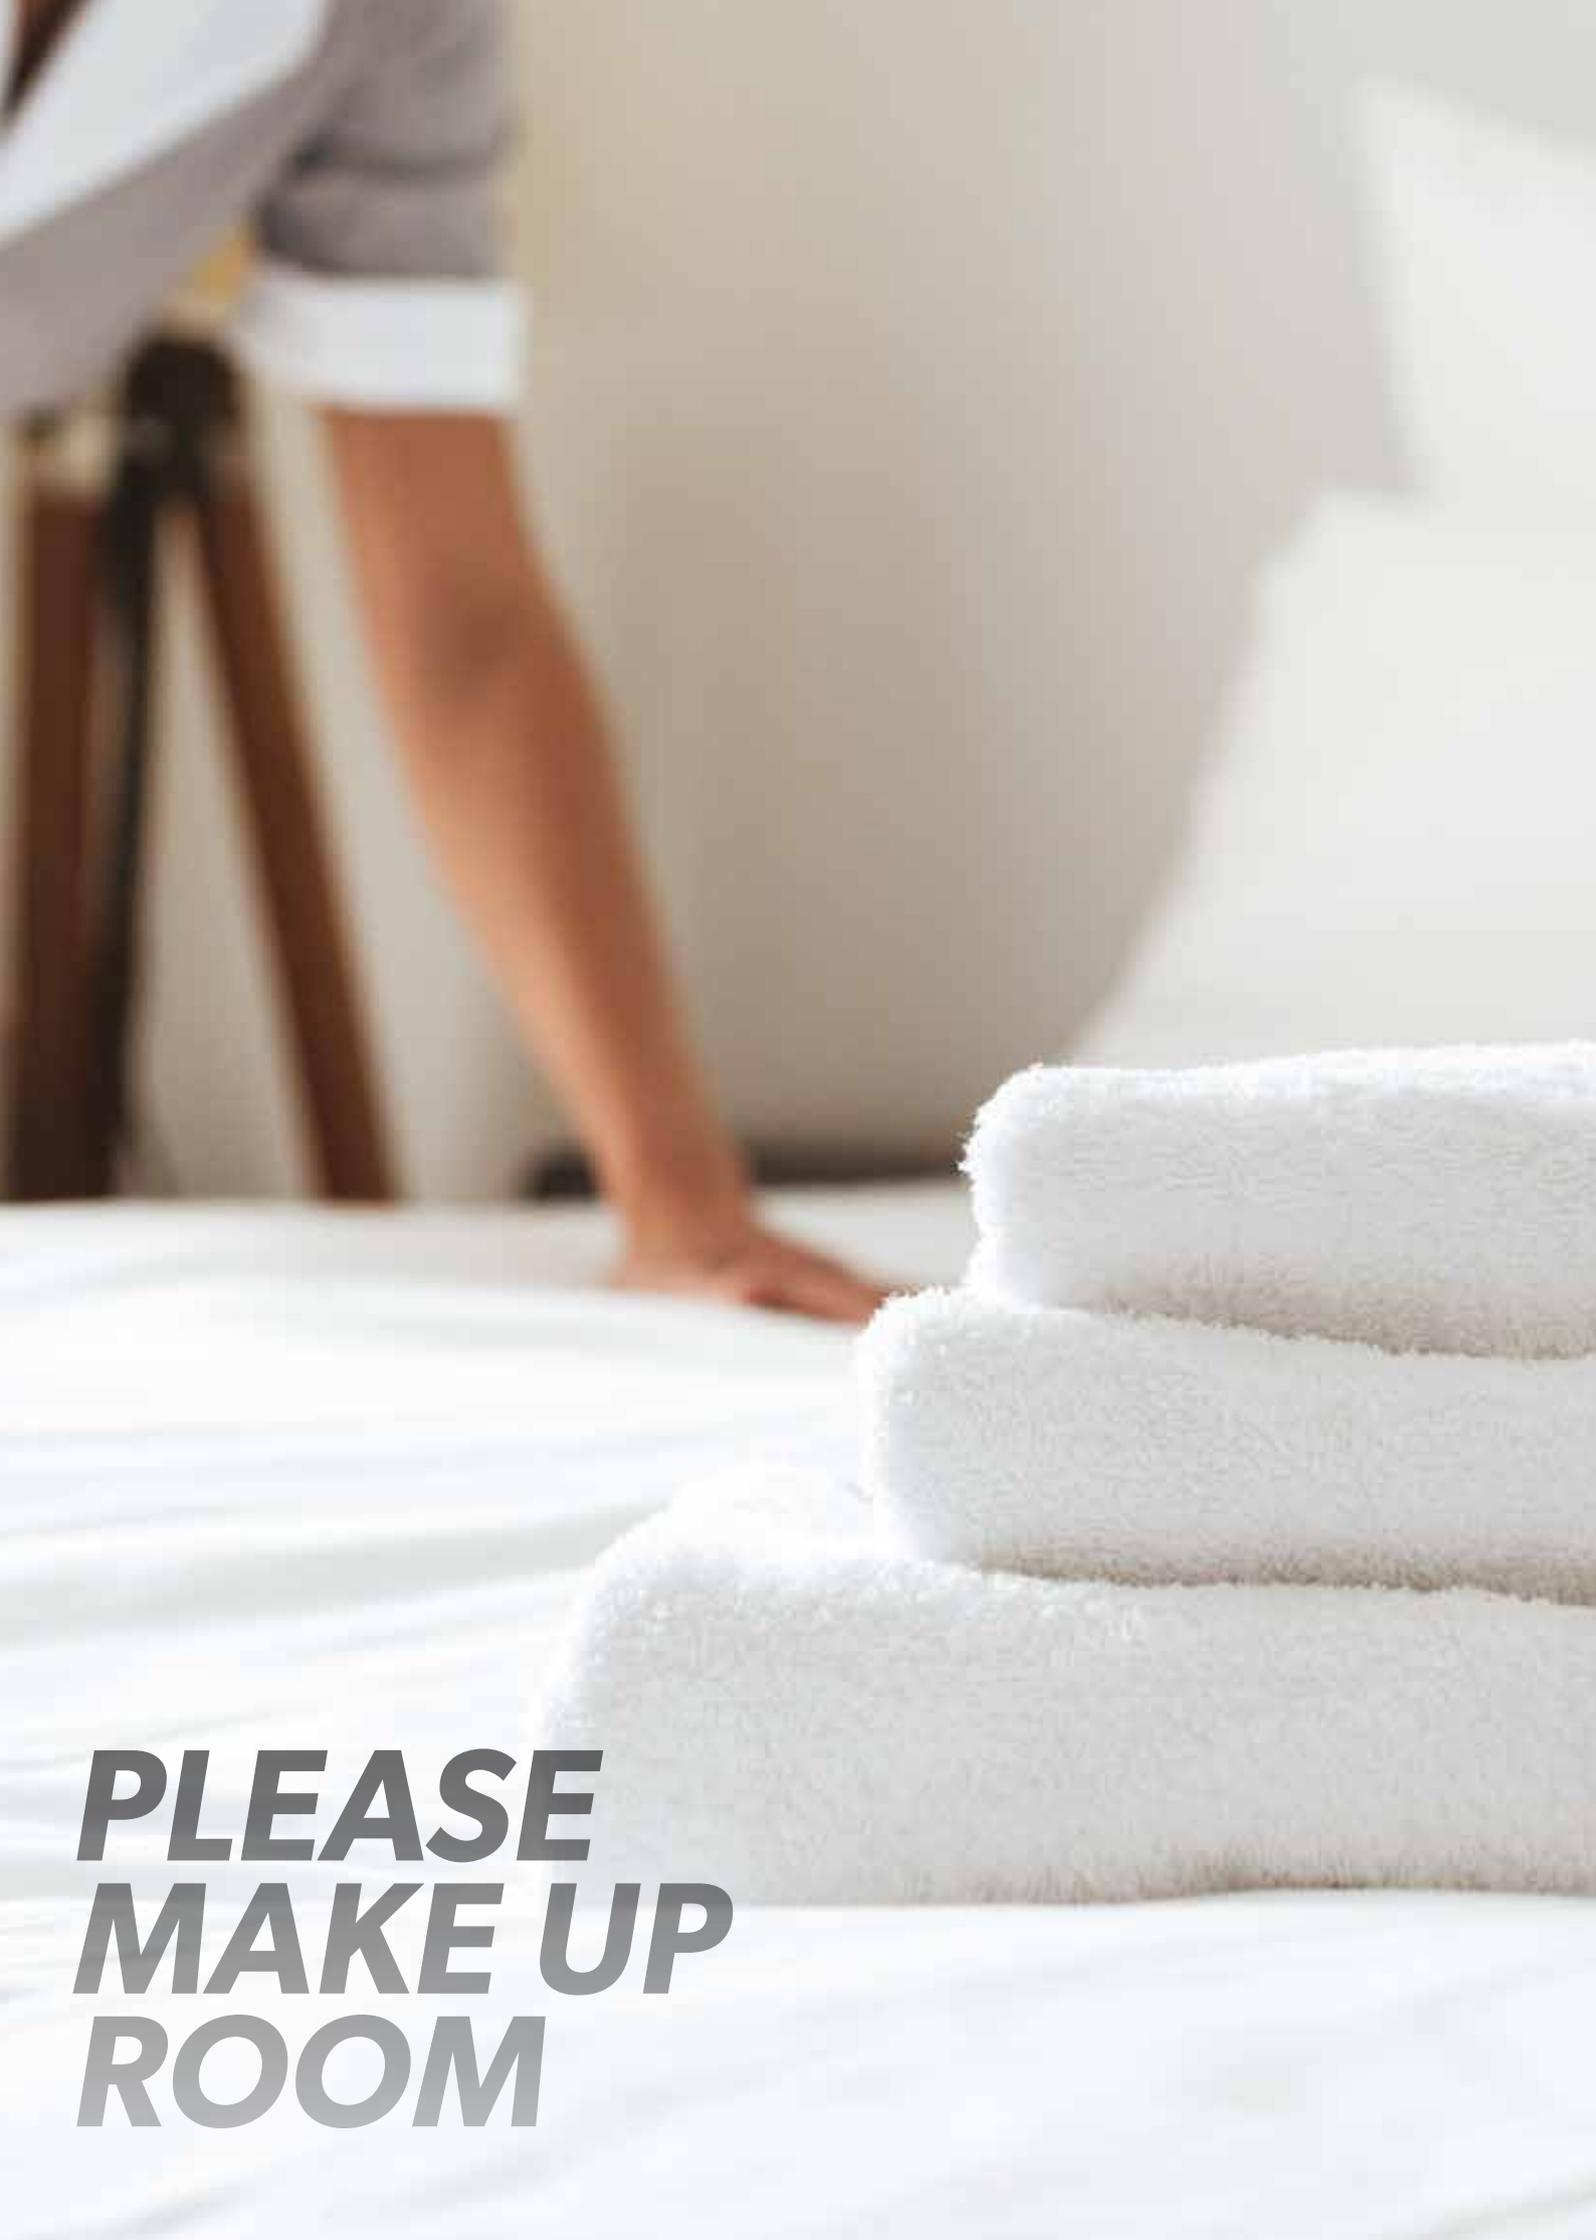

WHEELS

- ▶ **Maximum smoothness:** thanks to the ball bearings which means less effort from the operator while moving.
- ▶ **More accurate directionality:** the wheels support the direction to the trolley with little steering effort
- ▶ **Easy steering:** double ball bearing swivel head that considerably reduces the effort required by the operator
- ▶ **Quiet running:** thanks to the materials used and the high quality bearings that make the wheels silent on each surface
- ▶ **Low vibration:** soft compounds with good dampening properties
- ▶ **Non-staining and non-marking:** they do not stain on contact with floors during long standing periods

DOORS

- ▶ **Impact resistant:** withstands impact with blunt objects without damage
- ▶ **Resistant to wear:** their density makes them resistant to scratches
- ▶ **Resistant to light:** they do not suffer from UV ray damage and are not subject to discoloration
- ▶ **Heat-resistant:** temperature changes do not affect the properties
- ▶ **Antistatic:** do not attract dust on surface
