## **NO-TOUCH SOLUTION**

**ADDRESSING  
NEW CLEANING CHALLENGES**

**IPC**

The new PT (Pre-Treated) trolleys range, made in recycled plastic in the new grey colour (RAL 7044), has been specifically designed to combine ease of use and attention to the operators' safety.

The two buckets dedicated to the preparation and transportation of the mop detergent solution impregnation in one and the storage of dirty mops in the other, permit to avoid all risks of contamination.

Designed to be managed in both narrow and large areas in the respect of sanitary protocols. Equipped with dedicated accessories for operator safety, glove holders and liquid dispenser easy to reach for frequent hand protection.
